

Zero-Bite

Natural Insect Repellent

Fly Control the Way Mother Nature Intended...

The goodness of geraniol, coconut and wintergreen combine to bring you mother nature's most powerful natural fly fighter. Discover this natural alternative to traditional fly sprays where you buy fly spray.

Zero-Bite has been especially developed for use on horses. It provides a protective hair coating against flies. One or two ounces per head per day gives adequate protection. Apply by either soft cloth or fine spray mist.

Repels:

- Stable Flies
- Horse Flies
- Deer Flies
- Face Flies
- House Flies
- Horn Flies
- Mosquitoes
- Gnats
- Bot Flies
- Ticks
- Fleas
- Lice

Water-Based For Use on Horses and Ponies

DIRECTIONS FOR WIPE-ON USE

Thoroughly brush horse to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the direction of hair growth. Give special attention to legs, shoulders, flanks, neck and facial areas where flies are most often seen. Only light application is needed. Avoid using in excess amounts. Do not wet skin.

DIRECTIONS FOR TRIGGER SPRAY USE

Zero-Bite may be applied as a light spray mist to horses, then brush lightly. Do not wet horse's skin. Do not spray near eyes and mucous membranes, apply with a soft cloth in these areas.

ACTIVE INGREDIENT

Geraniol 0.25%

OTHER INGREDIENTS* 99.75%

Total 100.00%

*Coconut Oil, Hydrogenated Castor Oil, Wintergreen Oil, Citric Acid, Water

WIPE N' SPRAY

For Horses

Ready-To-Use Fly Spray for Horses...

A pyrethrum-based formula that is applied directly on the animal, this ready-to-use product provides fly protection and imparts a high sheen to the hair when brushed out. A favorite of show horse owners, effective protection results from only 1 to 2 ounces per head.

Wipe N' Spray is citronella scented and contains lanolin as a coat conditioner. It has been proven effective on biting flies, mosquitoes, gnats, fleas and ticks.

Kills and Repels:

- Stable Flies
- Deer Flies
- House Flies
- Mosquitoes
- Horse Flies
- Face Flies
- Horn Flies
- Gnats

DIRECTIONS FOR WIPE-ON USE

First, brush animal to remove dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against hair growth. Give special attention to legs, shoulders, flanks, neck and facial areas where flies are most often seen. Only a light application is needed. Avoid using in excess. Do not wet skin. After application, brush out thoroughly to bring out bright sheen on the coat. Repeat daily or as needed.

DIRECTIONS FOR TRIGGER SPRAY USE

WIPE N' SPRAY™ may be applied as a fine spray mist to horses for fast paralysis and death of flies. Do not wet horse's skin or exceed two ounces per application.

ACTIVE INGREDIENTS:

Pyrethrins.....	0.1%
Piperonyl Butoxide, Technical*.....	1.0%
Butoxypolypropylene Glycol.....	15.0%
OTHER INGREDIENTS**	83.9%
Total	100.00%

*Equivalent to 0.8% (butylcarbityl) (6-propylpiperonyl) ether and 0.2% related compounds.

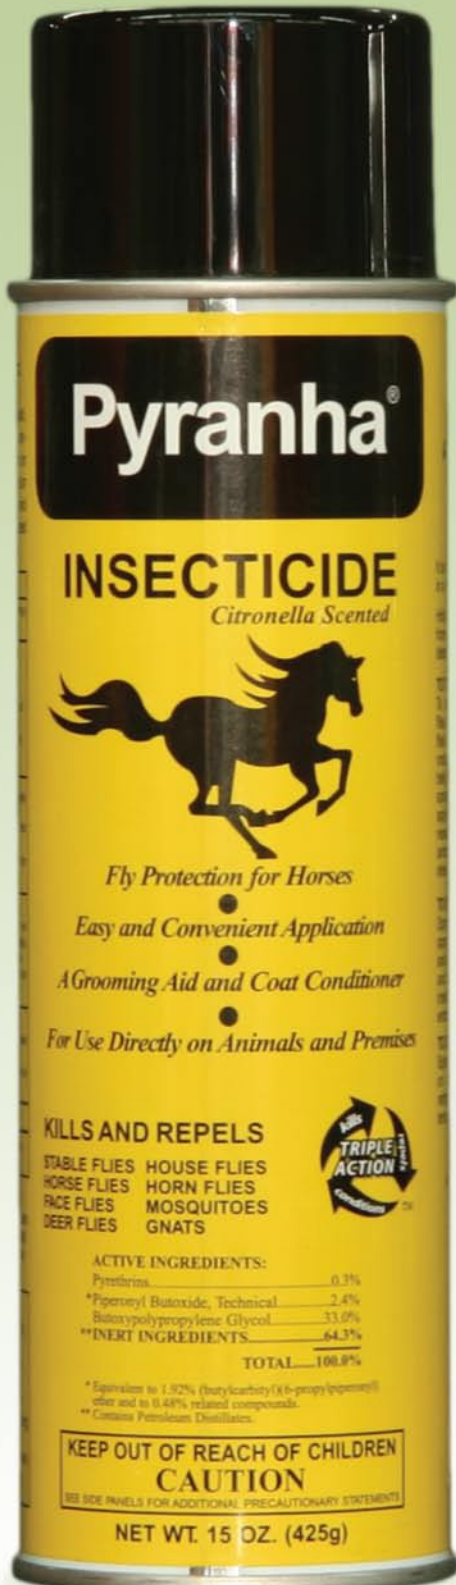

**Contains Petroleum Distillates.

PYRANHA AEROSOL

Citronella Scented

Pyranha Insecticide Aerosol...

Pyranha Insecticide Aerosol: Is an equine aerosol that has been on the market for over 15 years. This product is citronella scented. Brushing the animal after an application will bring out a bright, lustrous sheen.

Pyranha Aerosol is used by champions all over the country for maximum fly control just before entering the show ring.

Kills and Repels:

- Stable Flies
 - Deer Flies
 - House Flies
 - Horse Flies
- Face Flies
 - Horn Flies
 - Mosquitoes
 - Gnats
- Roaches
 - Ants
 - Fleas
 - Ticks & Chiggers

TO TREAT ANIMALS:

Spray about 3 seconds on each side of animal, being careful to spray legs, belly, neck, back, and sides. Cover eyes when spraying face, or spray on sponge or cloth and apply to face as a wipe. Brushing animal after applying will bring out a bright sheen.

TO KILL AND REPEL FLYING INSECTS:

Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door facings and screens to render area unattractive to insects.

TO CONTROL COCKROACHES AND ANTS:

Spray into cracks and crevices. Spray directly on cockroaches for fast kill. Apply

behind refrigerator, stove and cabinets where insects tend to hide.

TO CONTROL TICKS, FLEAS AND CHIGGERS:

Spray on animal until fur is moistened lightly. To ensure thorough coverage, part the fur by stroking against the lay of the hair while spraying. Ticks are tough; spray directly on them. Repeat every few days until animal is free of insects, nits or eggs that re hatch.

ACTIVE INGREDIENTS:

Pyrethrins.....	0.3%
Piperonyl Butoxide, Technical*.....	2.4%
Butoxypolypropylene Glycol.....	33.0%
OTHER INGREDIENTS**.....	64.3%
Total	100.00%

*Equivalent to 1.92% (butylcarbityl) (6-propylpiperonyl) ether and to 0.44% related compounds.

**Contains Petroleum Distillates.

Equine SPRAY & WIPE

Ready-To-Use Water-Based Formula...

Pyranha Equine Spray and Wipe is a water-based, advanced horse fly spray that quickly kills and repels flying and biting insects like mosquitoes, flies, gnats and others. With three active ingredients this non-oily insecticide/repellent offers protection for your horse from disease carrying insects, such as Deer Ticks which may carry Lyme Disease.

Under optimal conditions, Equine Spray and Wipe can be effective for up to 30 days, but we recommend applying every 10 - 14 days to maintain control. It can be applied as a spray or as a wipe. It has a pleasant Citronella scent and won't attract dust like the oil-based products.

Kills & Repels:

- Stable Flies
- Horse Flies
- Deer Flies
- Face Fleas
- House Flies
- Horn Flies
- Mosquitoes
- Gnats
- Bot Flies
- Ticks
- Fleas
- Lice

Water-Based

DIRECTIONS FOR WIPE-ON USE

Thoroughly brush horse to remove excess dirt and dust. Extremely dirty horses should be shampooed, rinsed and allowed to dry before applying wipe. Use a sponge or clean soft cloth or mitt. Apply liberally over areas to be protected. Pay special attention to legs, belly, shoulders, neck and facial areas. Avoid eyes and mucous membranes. Reapply in 10-14 days to maintain control.

DIRECTIONS FOR TRIGGER SPRAY USE

Remove excess dirt and dust. Apply light spray mist to coat while brushing lightly against lay

of the hair. Avoid spray in eyes and mucous membrane. Reapply after animal is washed or if exposed to heavy rain.

ACTIVE INGREDIENTS:

Pyrethrins.....	0.25%
Piperonyl Butoxide, Technical*.....	2.5%
Permethrin**.....	0.5%
INERT INGREDIENTS	96.75%
Total	100.00%

*Equivalent to 2% (butylcarbityl) (6-propylpiperonyl) ether and 0.5% related compounds.

** (3-phenoxyphenyl)methyl (±) cis/trans-3-(2,2-dichloroethenyl)2,2-dimethylcyclopropanecarboxylate cis/trans ratio: min 35% (±) cis and max. 65% (±) trans
