

SprayMaster System

Expandable up to 80 stalls!

Install it in an afternoon...

Enjoy freedom from flies year round!

For whole barn fly control, rely on the Spray Master Barn Misting System Kit. SprayMaster Barn Systems include a 1/2 horsepower electric motor-driven pump controlled by a solid state electronic timer that is programmed to dispense an insecticide formulation in the form of a very fine mist at specific intervals through special spray nozzles. The result is a state of the art, hassle-free solution to control of harmful flying and biting insects in and around horse barns.

- *Easy to install with basic tools*
- *Automatically timed spray intervals keeps your barn virtually fly free*
- *Everything you need to install the system in a 4 stall barn.*
- *Expandable up to 80 stalls with the purchase of additional hose and nozzles!*

Quick Knockdown and Effective Control

1-10 HP & 1-10 HPS Concentrated System Refills are insecticide refills for 55- and 30-gallon automatic spray systems. Developed over 30 years ago using the highest quality pyrethroids, HP is a premium formulation that has set the bar for effective automatic flying insect control in horse barns. It provides both quick knockdown and long lasting protection against a broad range of harmful biting insects.

Odaway

Banish barn odors!

A concentrated, liquid odor absorber that eliminates a broad spectrum of household and barn-borne odors. Odaway is especially effective when dispensed by way of automatic misting system because it encapsulates and neutralizes odors instead of just masking them, leaving the premises smelling fresh and clean.

- *Water soluble odor absorber*
- *Broad spectrum multi-purpose deodorant*
- *Use in the Spraymaster System or apply directly to the surface of unwanted odor*

Neutralizes Odors From:

- **Livestock**
- **Pets**
- **Urine**
- **Organic Decay**
- **Smoke**
- **Sewage**
- **Chemicals**
- **Mustiness**

FOR USE IN AUTOMATIC SPRAY SYSTEMS:

55 gallon system: pour one full container of Odaway along with insecticide into system barrel and fill with water.

30 gallon system: pour two quarts of Odaway along with insecticide into system barrel and fill the rest with water.

FOR DIRECT APPLICATION:

Mix 1 part Odaway with 16 parts of water and apply with sprayer bottle.
